

1. “Kiss and Go” lane - strictly no parking at drop-off and pick-up times. Cars must pull over and to the right to drop off/pick up children.

2. Drive-through lane - cars may pull out into this lane to leave the parking lot. No pick-up or drop-off in this lane

3. Use crosswalk if you are walking with your children: that is where cars expect to see them. Have children make eye contact with the driver of any oncoming car and “point their way” to safety (arm out and finger pointed to where the child is heading)
