

Name _____ AG ___ **Math 7 Course Outline**

Keep this sheet at the front of the Math section in your binder.

Bring your binder, agenda, and supplies with you every time you go to Mrs. Cho's Math class. Please keep your binder organized by subject.

Please check my website (www.sd35.bc.ca/schools/lfms/sCho) for assignments and test dates. It is your responsibility to find out what assignments or tests you have missed during an absence by contacting your Homework Buddies and/or visiting my website. Missed assignments should be completed and handed in as soon as possible after an absence. As soon as you return to school after an absence, please make arrangements with the teacher to do missed tests.

The following is the anticipated timeline for this course (subject to minor changes).

- Term 1 Number
 Shape and Space: Transformations, 3-D Objects and 2-D Shapes
 Shape and Space: 3-D Objects and 2-D Shapes
- Term 2 Number (continued)
 Statistics and Probability: Chance and Uncertainty
 Patterns and Relations: Variables and Equations
 Statistics and Probability: Data Analysis
 Shape and Space: Measurement
- Term 3 Patterns and Relations: Variables and Equations (continued)
 Patterns and Relations: Patterns
 Statistics and Probability: Chance and Uncertainty (continued)
 Shape and Space: Measurement (continued)

This is how your Math mark is calculated:

50% Assignments

- Assignments are due at the beginning of the next class unless otherwise stated.
- In order to earn full marks, all assignments usually require you to show your work and answers clearly, and may also require explanations.
- Your name, date, page number, and question numbers should be clearly shown at the top of the page.

50% Quizzes and Tests

- There will not be any retests as you will be given adequate advance notice of upcoming quizzes and tests. Make sure you prepare well for tests.
