

School Name	What makes a successful K-5 elementary school?	What ideas can we come up with to ensure all our K-5 elementary schools are sustainable over time?
Fort Langley	adequate funding remembering connections to family school high school (we want people to take pride in moving forward together). It's a continuation of what has been started. Not separate entities culture- tradition, engaging families, spirt days, assemblies mentoring peers	adequate funding establishing culture and one that connects to middle/high school. This is particularly important in the Fort Community where Walnut Grove is closer and Fine Arts is close
North Otter	let them be kids. don't let them worry about getting dirty. teach them how to get hurt without whining or actually getting injured teach them how to get along BE A COMMUNITY	Be a school people want to come to - we hear from parents we are known as the school that doesn't let kids fall through the cracks.
DW Poppy Secondary	Stable student population >200 students. Community surrounding the school and support. Parental involvement. Program opportunities for students.	Move the Coghlan fundamental program to Wix location and ultimately merging the two programs. Busing considerations for Wix community. What happens to Wix families that do not want to be part of the fundamental program? Will Wix families have catchment priority to enrol in the "Wix" fundamental?
Wix-Brown	Teachers and community, A feeling of belonging, Leadership opportunity for grade 5,	Both Coghlan and Wix pride themselves in a strong community. If Wix becomes a Fundamental, do families in the Wix community have access? If they don't want to be at Wix but live in community, where do they go? Bussing now becomes a challenge for all scenarios.
