Dear Parents/Guardians and Students:

Re: COVID-19 Information Bulletin

Our teachers and staff have been working hard over the last week connecting with you to gather the information needed to plan our partial return to in-school learning. We appreciate your time and attention in informing us about your child's attendance and other considerations. We will use this information to organize schedules, staffing, configuration of our buildings, and to ensure we meet health and safety protocols such as physical distancing, as well as balance both onsite and remote learning. As we embark on this challenging task, we want you to know that we have student and staff health and safety top of mind. We are continuing to follow guidelines set by the Ministry of Education, Provincial Health Office, BC Centre for Disease Control and WorkSafeBC. We will be ready to adjust to any changes in the coming weeks.

We will do our best to keep your family informed and prepared prior to June 1st.

Thank you for your continued support during this unprecedented time. As we break for the weekend, our Board of Education has a video message of appreciation to share with our community on YouTube [here](#).
