Dear Parents/Guardians and Students:

Re: Stage 3 - Return to School Instruction Plan

As we approach the start of our partial return to in-school learning, I want to share our District's Return to School Instruction Plan to help you and your family prepare for this transition. Whether or not families choose to attend in-school learning, this information will help guide you in the last month of the school year.

Please note the attached Plan contains links to all the health and safety documents which guide the District in implementing its continuity of learning plan. I encourage you to read through them and understand what measures and procedures are in place to help keep students, staff, and the school community safe.

In addition to this document, schools will be sharing a Parent Guide tomorrow and detailed instructions specific to your school. The District has worked hard to have consistency across schools, but variations can be expected due to location, number of students, and other factors.

We know many of you have a lot of questions and we are doing our best to provide you with answers in the coming days and weeks. The District will continue to provide updates to the community when new information becomes available. We appreciate your ongoing patience and continue to rely on your support as we move to a partial return to in-school learning.

Sincerely,

A handwritten signature in black ink, appearing to read "Gord Stewart".

Gord Stewart
Superintendent of Schools
