

Administrative Procedure 362

BRITISH COLUMBIA SCHOOL COMPLETION ("EVERGREEN") CERTIFICATE

Background

The District is required by the Ministry of Education to develop and make available to parents an Administrative Procedure setting out the requirements a student must meet in order for the District to recommend to the Minister that he or she be awarded a School Completion ("Evergreen") Certificate.

The School Completion ("Evergreen") Certificate is intended to celebrate success in learning that is not recognized in a Certificate of Graduation (Dogwood Diploma).

It is used to recognize the accomplishments of students with special needs and an Individual Education Plan, who have met the goals of their education program, **other than graduation** (and not all students with special needs should be in an Evergreen Certificate Program.)

A student enrolled in an educational program other than the graduation program will be eligible for a British Columbia School Completion Certificate.

When a student has met the following requirements, the District will recommend to the Ministry of Education that they receive this certificate.

Requirements:

1. Capstone
2. Completion of 5 IEP goals:
 - Transitions to adult community
 - Work Experience
 - Life Skills
 - Academic
 - Self-determination
