

Administrative Procedure 404

EMPLOYEE CONFLICT OF INTEREST

Background

The District expects its employees to act with the highest standards of integrity in discharging their employment duties. In order to maintain the public's trust and confidence it is essential that employees acting on behalf of the District avoid a conflict of interest.

The District acknowledges that employee conflict of interest is a sensitive matter which needs to be addressed with care and consideration for employees while adhering to the District's obligation to maintain the public's trust and confidence.

A conflict of interest arises when an employee's private or financial interests compete with their professional duties to the District. The District expects that its employees will not engage in activities where their actions or decisions are affected by personal gain, financial or otherwise or raise a reasonable question of conflict with their duties and responsibilities.

Employees are expected to request a determination of the Superintendent before engaging in any activity which might reasonably raise questions about a possible conflict of interest. A breach of Administrative Procedure 404 – Employee Conflict of Interest is considered to be a serious breach of an employee's obligations that may result in discipline or dismissal.
