Dear Parents/Guardians and Students:

Re: Information Bulletin – COVID-19 Vaccinations for School-based Staff

It has been very busy week with a lot of District information to share with our students and families. I am pleased to share positive news with the community, that the vaccine roll-out for K-12 educational staff in the Langley School District is underway. The Fraser Health Authority informed us today that all school-based staff are eligible to receive the vaccine. Fraser Health has secured a supply of vaccines available for all eligible staff - administrators, teachers, and support staff who are assigned to a school daily. We are communicating with eligible staff on the process to book an appointment as well as other important instructions.

As advised by Fraser Health, staff vaccinations will not change the contact tracing and case management of COVID-19 exposures in our schools. The District's health and safety guidelines remain in place. As always, the health and safety of students, staff and the community continue to be a priority. In alignment with public health, we are encouraging all staff to get vaccinated.

Sincerely,

Gord Stewart
Superintendent of Schools
