### MANAGEMENT REPORT

Version: 2635-1890-8907

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 35 (Langley) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 35 (Langley) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, KPMG, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 35 (Langley) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

On behalf of School District No. 35 (Langley)

To the Board of Education of School District No. 35 (Langley), and

To the Minister of Education, Province of British Columbia

#### Opinion

We have audited the financial statements of School District No. 35 (Langley), (the "Entity"), which comprise:

- the statement of financial position as at June 30, 2021
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements of the Entity as at and for the year ended June 30, 2021 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

#### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditors' **Responsibilities for the Audit of the Financial Statements**" section of our auditors' report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of Matter – Financial Reporting Framework

We draw attention to Note 2(a) to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

KPkIG LLP, an Onlano limited liability partnership and member finn of the KPMG global organization of independent member firms anniated with KPbIG International Limited, a private English company finited by guarantee. KPMG Canada provides services to KPMG LLP

### Other Information

Management is responsible for the other information. Other information comprises:

- Information, other than the financial statements and the auditors' report thereon, included in the Financial Statement Discussion and Analysis document.
- Unaudited Schedules 1-4 attached to the audited financial statements

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the information, other than the financial statements and the auditors' report thereon, included in the Financial Statement Discussion and Analysis document and the unaudited schedules 1-4 attached to the audited financial statements as at the date of this auditors' report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditors' report.

We have nothing to report in this regard.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of
  accounting and, based on the audit evidence obtained, whether a material uncertainty
  exists related to events or conditions that may cast significant doubt on the Entity's ability
  to continue as a going concern. If we conclude that a material uncertainty exists, we are
  required to draw attention in our auditors' report to the related disclosures in the financial
  statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions
  are based on the audit evidence obtained up to the date of our auditors' report. However,
  future events or conditions may cause the Entity to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Year Ended June 30, 2021

### 1. Authority and Purpose

The School District, established on April 12, 1946, operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 35 (Langley)" and operates as "School District No. 35 (Langley)". A Board of Education (Board) is elected for a four-year term and governs the School District. The School District provides educational programs to students enrolled in schools in the District and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 35 (Langley) is exempt from federal and provincial income taxes.

The COVID 19 outbreak was declared a pandemic by the World Health Organization in March 2020 and has had a significant financial, market and social dislocating impact worldwide. Under direction of the Provincial Health Officer, all schools suspended in-class instruction in March 2020 and the School District remained open to continue to support students and families in a variety of ways. Parents were given the choice to send their children back to school on a gradual and part-time basis beginning June 1, 2020, and full-time beginning September 1, 2020 with new health and safety guidelines. The ongoing impact of the pandemic presents uncertainty over future cash flows, may have a significant impact on future operations including decreases in revenue, increased costs for enhanced cleaning standards at schools, impairment of receivables, reduction in investment income and delays in completing capital project work. As the situation is dynamic and the ultimate duration and magnitude of the impact are not known, an estimate of the future financial effect on the School District is not practicable at this time.

### 2. Summary of Significant Accounting Policies

#### a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board. The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all taxpayer supported organizations in the schools, universities, colleges, and hospital sectors to adopt Canadian public sector accounting standards without any PS4200 elections.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia taxpayer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that:

• Government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and

## Year Ended June 30, 2021

#### 2. Summary of Significant Accounting Policies (continued)

#### a) Basis of Accounting (continued)

• Externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital revenue would be recorded differently under Canadian public sector accounting standards.

#### b) Cash and Cash Equivalents

Cash and cash equivalents include cash in the bank and deposits in the Provincial Ministry of Finance Central Deposit Program which are readily convertible to cash and that are not subject to a significant risk of change in value. The deposits with the Ministry of Finance can be withdrawn from the program with three days of notice.

#### c) Accounts Receivable

Accounts receivables are measured at amortized cost and are shown net of allowance for doubtful accounts.

#### d) Prepaid Expenses

Prepaid expenses include costs prepaid for insurance, equipment and software maintenance, and other fees. These prepaid expenses are stated at acquisition cost and are charged to expense over the future periods expected to benefit from them.

#### e) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

#### f) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes both government transfers and other contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2(i).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian Public Sector Accounting Standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met; unless the transfer contains a stipulation that creates a liability, in which case the transfer is recognized as revenue over the period that the liability is extinguished.

## Year Ended June 30, 2021

### 2. Summary of Significant Accounting Policies (continued)

#### g) Tangible Capital Assets

Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Donated tangible capital assets are recorded at their fair market value on the date of donation, if available. Otherwise, a nominal value is used.

Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.

Tangible capital assets that no longer contribute to the ability of the School District to provide services are written down to residual value and accounted for as expenses in the statement of operations.

Buildings that are demolished or destroyed are written-off.

The cost, less any residual value, of tangible capital assets (excluding sites) is amortized on a straight-line basis over the estimated useful life of the asset. Estimated useful lives for the School District's tangible capital assets, as determined by management, are as follows:

| Buildings             | 40 years |
|-----------------------|----------|
| Furniture & Equipment | 10 years |
| Vehicles              | 10 years |
| Computer Software     | 5 years  |
| Computer Hardware     | 5 years  |

Amortization of tangible capital assets are taken at one-half the normal annual rate in the year of acquisition and in the year of disposal.

#### h) Internally Restricted Reserves

Certain amounts, as approved by the Board, are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved. (See Note 12: Accumulated Surplus and Note 13: Interfund Transfers).

#### i) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Contributions received or where eligibility criteria have been met, are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

## Year Ended June 30, 2021

### 2. Summary of Significant Accounting Policies (continued)

#### i) Revenue Recognition (continued)

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased; and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value, if available, and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of the Canadian Public Sector Accounting Standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met; unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or the service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

#### j) Expenses

Expenses are reported on an accrual basis. The cost of goods consumed, and services received during the year is expensed.

#### Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals' and Vice-Principals' salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

## Year Ended June 30, 2021

### 2. Summary of Significant Accounting Policies (continued)

#### k) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities and other current liabilities.

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

Unrealized gains and losses from changes in the fair value of financial instruments measured at fair value are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations. There are no measurement gains or losses during the periods presented; therefore no statement of remeasurement gains or losses is included in these financial statements.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations.

#### I) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. Benefits include vested sick leave, accumulating non-vested sick leave, retirement allowances, vacation pay and life insurance.

The School District accrues its obligations and related costs under employee future benefit plans. The future benefits cost is actuarially determined using the projected unit credit method pro-rata on service and using management's best estimate of expected salary escalation, termination and retirement rates, and mortality. The discount rate used to measure obligations is based on the cost of borrowing.

The cumulative unrecognized actuarial gains (losses) are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan. The EARSL for employees of the School District is 10.7 years.

The most recent valuation of the obligation was performed at March 31, 2019 and projected for use to March 31, 2022. The next valuation will be performed at March 31, 2022 for use at June 30, 2022. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

## Year Ended June 30, 2021

### 2. Summary of Significant Accounting Policies (continued)

#### m) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2(a) requires management to make estimates and assumptions that impact reported amounts for assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### n) Liability for Contaminated Sites

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- An environmental standard exists;
- Contamination exceeds the environmental standard;
- The School District is directly responsible or accepts responsibility for the contamination;
- It is expected that future economic benefits will be given up; and
- A reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

#### o) Future Changes in Accounting Policies

PS 3280 Asset Retirement Obligations issued August 2018 establishes standards for recognition, measurement, presentation and disclosure of legal obligations associated with the retirement of tangible capital assets and is effective July 1, 2022. A liability will be recognized when, as at the financial reporting date:

- (a) There is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) The past transaction or event giving rise to the liability has occurred;
- (c) It is expected that future economic benefits will be given up; and
- (d) A reasonable estimate of the amount can be made.

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the statement of operations.

A modified retroactive application has been recommended by Government. Management is in the process of assessing the impact of adopting this standard on the School District's financial results.

PS 3400 Revenue issued November 2018 establishes standards on how to account for and report on revenue and is effective July 1, 2023. Specifically, it differentiates between revenue arising from transactions that include performance obligations, referred to as "exchange

## Year Ended June 30, 2021

#### 2. Summary of Significant Accounting Policies (continued)

transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions".

Revenue from transactions with performance obligations should be recognized when (or as) the School District satisfies a performance obligation by providing the promised goods or services to a payor.

Revenue from transactions with no performance obligations should be recognized when a school district:

- has the authority to claim or retain an inflow of economic resources; and
- identifies a past transaction or event that gives rise to an asset.

This standard may be applied retroactively or prospectively. Management is in the process of assessing the impact of adopting this standard on the School District's financial results.

#### 3. Accounts Receivable – Other Receivables

|   | June 30, 2021 | June 30, 2020 |
|---|---------------|---------------|
| Due from Federal Government                 | \$ 285,206    | \$ 216,835    |

### 7. Deferred Revenue

Deferred revenue includes unspent grants and contributions received that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board, i.e., the stipulations associated with those grants and contributions have not yet been fulfilled.

| Balance, End of Year                 | \$<br>241,139,368 | \$ 226,835,269 |

Deferred capital revenue includes grants and contributions received that are restricted by the contributor for the acquisition of tangible capital assets that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. Once spent, the contributions are amortized into revenue over the life of the asset acquired.

Year Ended June 30, 2021

### 9. Employee Future Benefits

Benefits include vested sick leave, accumulating non-vested sick leave, retirement allowances, vacation pay and life insurance. The accrued benefit obligation for employee future benefits is not funded as funding is provided when the benefits are paid. Accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

| 5%   |
| rity |
| rity |
| ars  |
| r    |

#### **10. Employee Pension Plans**

#### a) Teachers' Pension Plan and Municipal Pension Plan

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trusteed pension plans. The boards of trustees for these plans represent plan members and employers and are responsible for managing the pension plans including investing assets and administering benefits. The pension plans are multi-employer defined benefit pension plans. Basic pension benefits provided are based on a formula. As at December 31, 2020, the Teachers' Pension Plan has about 49,000 active members and approximately 40,000 retired members. As at December 31, 2020 the Municipal Pension Plan has about 220,000 active members, of which approximately 28,000 are from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2017, indicated a \$1,656 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis

The next valuation for the Teachers' Pension Plan will be as at December 31, 2020, with results available in 2021. The next valuation for the Municipal Pension Plan will be as at December 31, 2021, with results available in 2022.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting).

## Year Ended June 30, 2021

### **10. Employee Pension Plans (continued)**

#### a) Teachers' Pension Plan and Municipal Pension Plan (continued)

This is because the plans record accrued liabilities and accrued assets for each plan in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

The School District's employer contributions to these plans in the fiscal year ended June 30, 2021 were \$18,964,644 (2020: \$17,765,434).

### 11. Expense by Object

## Year Ended June 30, 2021

### 12. Accumulated Surplus

The School District's accumulated surplus consists of balances in its internal capital and internal operating funds. The balance in the internal capital fund consists of amounts invested in tangible capital assets and local capital. The balance in the internal operating fund consists of amounts restricted for various specific purposes and an unrestricted amount.

| Accumulated Surplus                                      | \$120,902,573 | \$117,310,706 |
|  |               |               |

### 13. Interfund Transfers

The School District manages its accounts using three different funds – Operating, Special Purpose and Capital. Transfers between these funds during the year ended June 30, 2021, were as follows:

- A transfer in the amount of \$716,365 (2020: No transfer) was made from the special purpose fund to the capital fund for payment of capital assets purchased.
- A transfer in the amount of \$3,834,713 (2020: \$2,178,139) was made from the operating fund to the capital fund for payment of capital assets purchased.

## Year Ended June 30, 2021

### 14. Related Party Transactions

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities and crown corporations. Transactions with these entities, unless disclosed separately, are generally considered to be in the normal course of operations and are recorded at the exchange amount.

The School District has an economic interest in the Langley School District Foundation (Foundation) which acts as a fundraising agency for the School District. The Foundation is a separate legal entity and is a registered charity under the provisions of the *Income Tax Act* of Canada. The Foundation has its own board of directors who approve grants to support various initiatives of the School District.

During the year, the School District received \$510,546 (2020: \$757,572) in contributions from the Foundation to support and promote programs not funded by the Ministry of Education. The School District made contributions to the Foundation to support its operations of \$4,500 (2020: \$4,500). The School District also has an amount receivable from the Foundation of \$1,686 (2020: \$8,244) – see Note 3.

### 15. Contractual Obligations and Contingent Liabilities

- a) In the normal course of business, lawsuits and claims have been brought against the School District. The School District contests these lawsuits and claims. Management believes that the results of any pending legal proceedings will not have a material effect on the financial position of the School District.
- b) The School District has entered into a number of multiple-year contracts for the delivery of services and the construction of tangible capital assets. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

## Year Ended June 30, 2021

### 16. Budget Figures

Budget figures were approved by the Board of Education through the adoption of an annual amended budget bylaw on February 23, 2021.

Budget figures included in the financial statements reflect the amended planned budget approved by the Board. The School District has elected to present the amended budget as it reflects a budget based on funding as a result of final enrollment numbers versus estimated enrollment projections.

| Revenues                           | Annual Budget  | Amended Budget | Change        |
|------------------------------------|----------------|----------------|---------------|
| Ministry of Education              | \$ 221,275,681 | \$ 242,154,534 | \$ 20,878,853 |
| Other - Provincial Grants          | 744,123        | 788,338        | 44,215        |
| Tuition                            | 11,473,125     | 10,843,610     | (629,515)     |
| Other revenue                      | 9,156,471      | 8,903,196      | (253,275)     |
| Rentals and leases                 | 922,681        | 697,681        | (225,000)     |
| Investment income                  | 701,366        | 616,458        | (84,908)      |
| Amort. of deferred capital revenue | 10,692,732     | 10,653,982     | (38,750)      |
|                                    | 254,966,179    | 274,657,799    | 19,691,620    |
| Expenses                           |                |                |               |
| Instruction                        | 210,159,901    | 226,470,849    | 16,310,948    |
| District administration            | 8,742,491      | 8,881,573      | 139,082       |
| Operations and maintenance         | 37,226,368     | 40,712,356     | 3,485,988     |
| Transportation and housing         | 2,900,464      | 2,590,261      | (310,203)     |
|                                    | 259,029,224    | 278,655,039    | 19,625,815    |
| Net Expense                        | (4,063,045)    | (3,977,240)    | 65,805        |
| Budgeted Allocation of Surplus     | 2,382,381      | 5,074,602      | 2,692,221     |
| Surplus (Deficit) for the Year     | (\$ 1,680,664) | \$ 1,077,362   | \$ 2,758,026  |

Significant changes between the original and amended budgets are as follows:

- Ministry grants Reflects increased funding for Classroom Enhancement Fund, and Provincial and Federal Safe Return to School Funds. Tuition revenue is lower due to lower number of International Students.
- Instruction expenses Reflects increase in supplies and initiatives for schools and higher teacher and support salaries. Also, there is the impact of additional expenses to deal with COVID-19. This was funded from the Federal Safe Return to Class Fund and Provincial Safe Return to School Grant.
- Operations and maintenance expenses Reflects increase in custodial salaries for enhanced cleaning under Federal Safe Return to Class Fund and Provincial Safe Return to School Grant.

## Year Ended June 30, 2021

#### 17. Risk Management

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk. The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in the Central Deposit Program with the Province and in recognized British Columbia institutions and the School District invests solely in term deposits and guaranteed investment certificates.

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

- i. Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held, and purchases made, in foreign currency are insignificant.
- ii. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in term deposits and guaranteed investment certificates that have a maturity date of no more than 3 years.
- c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

## Year Ended June 30, 2021

### **18. Economic Dependence**

Operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

### **19. Future Capital Transactions**

In May of 2019, the Ministry of Education announced provincial funding for the construction of a 555 student Kindergarten to Grade 5 school on the Willoughby Slope. The total value of the project is \$27.6 million. Construction of the school commenced in February of 2020 and the school is scheduled to open in September 2021. The School District will be contributing \$2.5 million of the capital cost from Local Capital and \$1.0 million from Restricted Capital. The School District has estimated costs remaining of \$7.54 million as at June 30, 2021 relating to this project.

On December 10, 2020, the Ministry announced the approval of the seismic project for Shortreed Elementary. The project will retain the existing area and will also include accessibility and life safety upgrades to ensure the school is safe and functional. The total value of the project is \$5.29 million. The School District has estimated costs remaining of \$4.32 million as at June 30, 2021.
