Dear Parents/Guardians and Students:

Re: Information Bulletin

The District is pleased to be ending this school year with so many positive milestones and in person events. I have been fortunate to attend some of our graduation commencement ceremonies and the traditional grad walks in the last few weeks. As a District, we have joined our schools in highlighting transitions to middle school, secondary school, and our 'Welcome to Kindergarten' events. It feels amazing to have been able to gather once again to acknowledge student successes and achievements throughout our K-12 system.

I encourage everyone to take a moment to congratulate all our students that are celebrating these milestones. Their success is all of our success. We have all pulled together as a community to ensure their learning, growth, and development continued during the pandemic. We should all be proud of what has been accomplished. Our hope is that this transition to more traditional ways of celebrating will continue in the next school year.

As we close for summer break, the Langley Board of Education is sharing a meaningful message to our students, staff, and families which can be read [here](#). The Minister of Education and Child Care is also sharing well wishes to our community which can be found [here](#).

### *Continuing Education*

The District believes learning takes place through flexible and connected environments. For grade 10-12 learners looking to take courses, upgrade marks, or wanting to complete courses for extra credit, the Langley Education Centre (LEC) may be a good fit. LEC has three different learning structures: Structured in person; Structured online (students attend classes virtually); Distributed learning (students attend a minimum of an hour/week); and online (students set the pace of their learning). Registration for Fall session is on August 15<sup>th</sup>. To learn more about student successes, opportunities and how students and adult learners can meet education goals, visit the LEC website [here](#).

### *Strategic Plan*

The District is sharing its Strategic Plan update with the community. This four-year plan guides the District's work with respect to education and operations. It contains actions accomplished and goals to be fulfilled. The document can be reviewed on our District website [here](#). A new Strategic Plan will be developed next year in alignment and consultation with the incoming Board of Education.

### COVID-19 Update

The District continues to work closely with the Ministry and the Fraser Health Authority. We have heard from our public health partners who have outlined that the current COVID-19 guidelines will remain and carry on through to September. As always, we will be communicating any health and safety updates as they become available.

### Final Thoughts

It was another school year of changing conditions and challenges. But together we were able to overcome them. We want to thank our students, staff, and families for your flexibility, patience, cooperation, and support during the year. We deeply appreciate everything you have done and continue to do to make this an innovative, inspiring, and unified learning community despite difficult circumstances. We look forward to a fresh start in September. Please have a healthy, safe, and relaxing summer break with family and friends.

Take care,

Mal Gill  
Superintendent of Schools
